Chardelle Smith  
Board Secretary

*The Big Bear Fire Authority wishes to make all of its public meetings accessible to the public. If you need special assistance to participate in this meeting, please contact Board Secretary Chardelle Smith at 909-866-7566. Notification prior to the meeting will enable the Fire Authority to make reasonable arrangements to ensure accessibility to this meeting.*

# BIG BEAR FIRE AUTHORITY AGENDA REPORT

## Item No. 1

**MEETING DATE:** October 4, 2023

**TO:** Big Bear Fire Authority Administrative Committee

**FROM:** Jeff Willis, Fire Chief *JW*

**PREPARED BY:** Chardelle Smith, Board Secretary *CS*

**SUBJECT:** **REVIEW OF COST RECOVERY FEES AND CHARGES**

---

### **BACKGROUND**

Ordinance BBFA2014-002, *Cost Recovery Fees and Charges*, was adopted in 2014 to recover costs of services as allowed by State law. On August 8, 2023, the Board directed review of the preliminary draft Fire Prevention Fee Feasibility Study to the Administrative Committee for further review. The draft fee schedule was composed by independent consultant AP Triton. This document was first reviewed by the Administrative Committee on September 6, 2023, where it was returned back to staff seeking further information from the consultant. Staff brought the updated document back to the committee on September 26, 2023, where each fee was discussed with guidance to staff to reduce each line item to reflect a phased in approach.

### **DISCUSSION**

The State of California has enacted legislation related to the recovery of costs for services charged by public municipalities. These costs, direct or allocated, must be related to the services being provided. The costs are accumulated and used to develop an hourly rate for the assessment of the various fees being charged by the jurisdiction. The development of the fee schedule applies this hourly rate against the amount of time necessary to perform the task.

Costs included in these calculations are salaries and benefits, amortizable vehicle costs, vehicle operating costs, technology costs, telephones and other communications costs, training and certification costs, uniforms, and any other costs allocated by the Authority. A 10% administrative fee is permissible to be added to the calculation of costs to recover.

This fee study primarily sets the maximum allowed charges the Authority can recover through cost recovery ordinance. It is anticipated when looking at the allowable fee schedule that the committee will want to reduce allowable charges for certain categories and maintain recommended cost in other categories.

### **STAFF RECOMMENDATION**

Staff recommends the Administrative Committee discuss and provide further direction to staff.

**ORDINANCE NO. BBFA2023-\_\_\_\_**

**AN ORDINANCE OF THE BOARD OF DIRECTORS OF  
THE BIG BEAR FIRE AUTHORITY, A CALIFORNIA  
JOINT POWERS AUTHORITY, COUNTY OF SAN  
BERNARDINO, STATE OF CALIFORNIA, ESTABLISHING  
COST RECOVERY FEES AND CHARGES**

**WHEREAS**, the Big Bear Fire Authority (“Authority”) exists pursuant to the laws of the state of California and that certain Joint Powers Agreement entered into by and between the Big Bear City Community Services District and the Big Bear Lake Fire Protection District, a subsidiary fire protection district of the City of Big Bear Lake; and

**WHEREAS**, pursuant to Health and Safety Code Sections 13800 *et seq.* and 13916, the Authority is authorized to charge fees and charges to cover the cost of any service which the Authority provides; and

**WHEREAS**, pursuant to Government Code Section 53150 *et seq.*, an individual who is under the influence of alcohol and/or any drug and whose negligent operation of any vehicle due to such influence proximately causes an incident requiring emergency response is liable for reimbursement to the Authority for costs of such response; and

**WHEREAS**, in accordance with the applicable provisions of the Health and Safety Code, the Authority is authorized to require reimbursement for costs incurred due to an individual who initiates more than a certain number of false alarms within a specified period of time which cause the Authority to respond or who acts negligently or in violation of the law and thereby requires the Authority to provide an emergency response to a danger posed by a fire or hazardous substance; and

**WHEREAS**, pursuant to Health and Safety Code Section 13916, Authority fees may not exceed the costs reasonably borne by the Authority in providing the service for which the fee is charged; and

**WHEREAS**, the Board desires to adopt a consolidated schedule of fees and charges to reflect the Authority’s actual or estimated reasonable costs of providing response services by way of this Ordinance, as required by the Health and Safety Code, and to provide for adoption of updates by Board resolution. The Board also desires to adopt a procedure by which an applicant may request a reduction or waiver of a fee. It is anticipated that such requests may be made by community/non-profit organizations, individuals, or other applicants which make contributions to the local community and where the reduction or waiver of a fee would serve the public interest; and

**WHEREAS**, at least 10 days prior to considering this Ordinance, the Authority made available to the public, data indicating the amount of cost, or estimated cost, required to provide the service for which each fee or charge is imposed and the revenue sources anticipated to provide the service; and

**WHEREAS**, the Authority has published notice of its intention to adopt a schedule of fees pursuant to Government Code Section 6066 and California Health and Safety Code Section 13916; and

**WHEREAS**, notice of the meeting where this Ordinance was considered for adoption has been provided by mail at least 14 days before said meeting to any interested party who filed a written request with the Board within the last year for mailed notice of meetings on new or increased fees; and

**WHEREAS**, at the meeting where this Ordinance was adopted, the Board heard and considered any objections or protests to the proposed schedule of fees.

**NOW THEREFORE**, the Board of Directors of the Big Bear Fire Authority does ordain as follows:

Section 1. Adoption of Fee Schedule - The Board hereby finds and determines that the fees set forth in the fee schedules attached hereto as Exhibits “A” and “B” and incorporated herein by reference, do not exceed the actual cost reasonably borne by the Authority in providing the service for which the fee or charge is imposed. Said fees and charges are based on the cost analysis data completed by the Authority and made available to the public no less than 10 days prior to the meeting at which this Ordinance was presented for first reading. Said data indicates the amount of cost, or estimated cost, required to provide the service or the cost of enforcing any regulation for which the fee or charge is imposed and the revenue sources anticipated to provide the service or the cost of enforcing any regulation. The Board therefore adopts the fee schedules attached as Exhibits “A” and “B” to this Ordinance.

Section 2. Collection of Fees and Charges - Charges will be billed to the responsible party by the Authority or its authorized contractor in accordance with applicable limitations of law.

Section 3. Waiver – Upon request of an individual or entity (“Applicant”), the Fire Chief may reduce or waive payment of any fee provided by this Ordinance when he or she determines such a reduction or waiver is in the public interest. Unless some other procedure applies pursuant to any other applicable regulations of the Authority, the following notice and appeal procedures will apply. Notice of the determination shall be provided in writing to the Applicant by any reasonable means, including personal delivery, first class mail or facsimile transmission. Within 7 calendar days of an Applicant's receipt of the Fire Chief's decision, he or she may appeal the determination in writing to the Authority's Appeals Board. The written appeal shall state specifically the fee or charge being appealed, as well as the particular reasons why the fee or charge should be reduced or waived. The Appeals Board shall hear the appeal as soon as is practicable, but in no event more than 60 days following the Authority's receipt of the appeal, and shall determine whether the public interest warrants a fee/charge reduction or waiver. The Appeals Board's determination shall be final.

Section 4. Future Adoption or Adjustments - The Authority shall review the adopted schedule of fees and charges from time to time in its discretion to ensure they accurately reflect the cost of providing services and adjust them as necessary to ensure that they are representative

of actual costs borne by the Authority. The fee schedule may be updated by Board resolution following compliance with the public notice requirements of Health and Safety Code Section 13916.

Section 5. Incorporation of Recitals - All of the foregoing Recitals are true and correct and the Board so finds and determines. The Recitals set forth above are incorporated herein and made an operative part of this Ordinance.

Section 6. Consistency - All ordinances, resolutions, minute orders, or administrative actions by the Board, or parts thereof, that are inconsistent with any provision of this Ordinance, which may include the fees established in Ordinance No. 2014-002, are hereby superseded only to the extent of such inconsistency. Except as specifically set forth herein, all other provisions of the rules and regulations of Authority or any other ordinance, resolution or Board action, shall remain in full force and effect.

Section 7. Severability - If any section, subsection, clause or phrase in this Ordinance is for any reason held invalid, the validity of the remainder of this Ordinance shall not be affected thereby. The Board hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, or phrase thereof, irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases or the application thereof be held invalid.

Section 8. Date of Effect - This Ordinance shall take effect and be in force thirty (30) days after its final passage at a public meeting as required by law (“Effective Date”). First read at a regular meeting of the Board of Directors of the Authority, held on the 10th day of October, 2023, and finally adopted in the manner required by law at the meeting on the \_\_\_\_\_ day of \_\_\_\_\_, 2023, by the following vote:

**PASSED, APPROVED, AND ADOPTED** this \_\_\_\_ day of \_\_\_\_\_, 2023.
